

# CONGRESS, FROM ALL ACROSS AMERICA,

## HOSPICE HAS COME TO MEET YOU. AGAIN.

**We come from all corners of America.** From north and south, east and west, rural and urban states. We began in church basements and living rooms, and we'd much rather be by someone's bedside than here in Washington. Yet here we are - and what brings us to Congress in this time of reform is our desire to protect hospice for America. We realize our patients and their families need us to be their voice on Capitol Hill. A voice that wants to make the case for end-of-life care and the American families who depend upon it.

**The Hospice Action Network.**  
Meet us again - for the first time.
